Getting the most from your visit

Teachers and accompanying adults are expected to get involved during sessions. This not only supports group work, but allows teachers to connect between class and museum learning.

Why not bring a camera with you? Photographs are a great way of revisiting the learning back in class.

Back in class

We are always pleased to hear from pupils following a visit. You can tweet us on @Museum_Learning or post in hand-written letters.

Please check the Learning section of our website www.glasgowmuseums.com for a selection of post-visit resources.
