Don't just take our word for it, we've had great feedback from people who have joined a course

"

Great courses hope to go on to do more! Well run and available daytime & evening.

—

Hopefully it will help me find a job!

—

I'll make more use of the computer more often now, and now feel safe to do online shopping.

—

I had a great time on the class and the tutor was really welcoming and explained things clearly, I'm moving on to an iPad class now.

—

I learned day to day use and keeping in touch with people, it's built my confidence in using computers and makes me want to know more about it.

—

Enjoyed the course. You could have a laugh as well as learn.

—

Course is simple and I can understand the instructions well. I can also go at my own pace.

Digital Matters... for everyone!

Nervous about using a computer or the internet? Glasgow Libraries can help…

Glasgow CITY COUNCIL

Digital skills are very important now for many aspects of our day to day lives and for success at work, but not everyone has had the chance to develop these skills.

We offer a range of FREE courses and digital activities at libraries across the city including:

- A tutor-led 'Getting Started' beginners course
- Online courses – free to use at your own pace
- Introduction to iPad/tablet devices
- Digital Skills for Employment
- European Computer Driver License (ECDL)*
- 1-2-1 drop-in support from our Digi-PALS volunteers

Devices like computers, tablets and smartphones can seem complicated and getting online scary, but our friendly Digital Learning team in Glasgow Libraries are waiting to help.

Check out the list on the back of this leaflet to find your nearest library. Why not give them a call or drop in to find out what's available in your area? **We're ready...are you?**
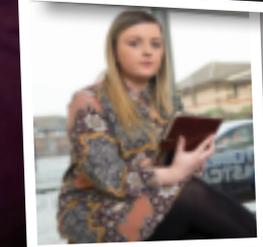

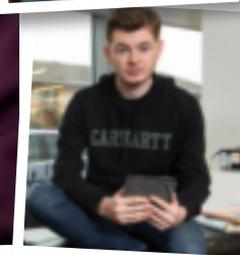

Come and learn about:

- Shopping online and money saving websites
- Using the internet
- Online form filling
- Internet job searches
- Creating a CV
- Keeping in touch with family and friends
- Staying safe online
- Internet banking
- Downloading apps

*ECDL incurs a fee but you may be eligible for ITA funding for this course.
