

Glasgow Museums – Schools and College programme: Charging 2019-20

Glasgow Museums provide a high quality learning experience for nursery, school and college groups visiting our museum venues. Our facilitated workshops are delivered by a team of experienced Learning Assistants. For groups visiting on a self-led basis, we have a selection of free learning resources which we can e-mail to you or which can be downloaded from our website. We also provide packed lunch spaces in most of our venues.

A charge is made for most groups attending a facilitated session; however this is at a subsidised rate. The income generated helps towards the running costs and resourcing of our programme.
