

Glasgow Sport COVID - 19 Club Survey

What challenges are you currently facing or expect to face as a result of the COVID - 19 pandemic?

Below are comments submitted as 'other':

- We want to join the Glasgow Futsal League, but I do not know when/if that will happen. Retaining members will only be known once we can restart.
- Deterioration in mental health of our participants in the grant funded special projects. Future planning.
- Conflict as to how we make our return- how should this be done? Varying degrees of people's approach to social distancing and post COVID rules.
- We are not sure when venues will re-open, e.g. if we can return but venues remain closed, the possible challenge to being 2 teachers down due to the vulnerable category and might be unable to teach.
- How young people do not like to stick with the rules unless they have lived with experience, lots of young people hanging around the area, challenges in explaining the situation to the young people.
- People might not have the same money to pay for activities, matches and league could be difficult particularly if there is are other outbreaks.
- Retaining members will only be known once we can restart.
